Human Centred Automation

October 13-15, 2010, Berlin, Germany
Hosted by the Berlin Institute of Technology

<http://conference.hfes-europe.org>

October 13 -15 2010 the Europe Chapter Annual Conference will be in Berlin, Germany. The meeting is hosted by the Technische Universität Berlin. This year's theme is **Human Centred Automation**

Europe Chapter meetings are open to all who are interested. Abstracts are invited on topics related to the theme of Human Centred Automation in different domains (e.g. process control, aviation, surface transportation, medicine). We invite abstracts on the following subtopics:

1. Adaptive technology
2. Cognitive assistance
3. Alarms and warnings
4. Safety and security
5. Usability and acceptance
6. Function allocation
7. Cognitive task analysis
8. Psychophysiology in Ergonomics

* Other topics will be considered if they are consistent with the broad topic of the Meeting. Presented papers will be reviewed and published after the meeting, and this book will be mailed to delegates.

Registration fee (non-chapter members € 370, members € 360, students € 320) includes attendance of the complete programme, a copy of the proceedings, coffee and refreshments, three lunches, the conference dinner on Thursday, and a public transport card for three days.

Hotels. Please check the website for a list of hotels and their price.

Abstracts (200 words) for this meeting must be submitted before June 11th from the website, <http://conference.hfes-europe.org>. Please indicate preferred presentation format (oral or poster) and theme (see above list for guidance).

Organisation committee

Dietrich Manzey, Linda Onnasch, Rebecca Wiczorek, Nina Gérard (Berlin Institute of Technology), Clemens Weikert (Lund University), and Dick de Waard (University of Groningen). For more information on the meeting contact Dick de Waard (d.de.waard@hfes-europe.org).
